

Jordan Mtui

Web Developer & Creative Designer

Profile

Since 2018 I've been building and learning in tech, starting as a web developer. I'm passionate about front-end development, with experience in UI/UX design, digital creation and graphic design. Currently transitioning to full-time mobile developer, I've also developed knowledge in AI, integrating modern technologies into my work to create innovative, user-centred solutions.

Work & experience

Videographer & Photographer, Marketing

2023 to now

The School of St Jude · Arusha, Tanzania

Create high-quality visual content for marketing campaigns, produce podcasts and craft compelling stories for the school, amplifying its brand, engaging its audience and connecting with the community.

Web Developer, IT Consultant & UI/UX Designer

2018 to now

Freelance · Self-employed · Arusha, Tanzania

Built responsive, scalable websites and provided IT consultancy to optimize client systems. Specialized in UI/UX design, with intuitive interfaces and engaging visuals, delivering solutions that met both functional and aesthetic goals.

UI/UX Designer & Web Developer

2020 to now

Kiliride · Dar es Salaam, Tanzania

Designed the website and UI/UX for the Kiliride mobile app: intuitive navigation, responsive layouts and engaging visuals. Collaborated with the dev team so designs were functional, scalable and optimized for performance across all devices.

Education

Diploma of Computer Science

2018–2020

Institute of Accountancy Arusha
